PRACTICES Real Estate

Harry Chapman is an associate in the Real Estate Practice Group in Haynes Boone's London office.

He has a broad range of experience across all areas of commercial real estate, in particular investment, commercial and residential development and regeneration projects, and real estate finance. Harry's work includes a variety of asset classes, including logistics, offices, retail, care homes, build to rent and other residential.

Harry regularly acts for institutional investors, funds and family-owned investors on single-asset and portfolio acquisitions and disposals, as well as the full range of asset management transactions. He also has experience acting for occupier clients, including on Central London office lettings, and acting for both lenders and borrowers on the financing of a range of real estate assets.
